

EXHIBIT B

State Bar of Georgia

Rule 4-104. Mental Incapacity and Substance Abuse

(a) Mental illness, cognitive impairment, alcohol abuse, or substance abuse, to the extent of impairing competency as a lawyer, shall constitute grounds for removing a lawyer from the practice of law.

(b) Upon a determination by the State Disciplinary Board that a lawyer may be impaired or incapacitated to practice law as a result of one of the conditions described in paragraph (a) above, the Board may, in its sole discretion, make a confidential referral of the matter to an appropriate medical or mental health professional for the purposes of evaluation and possible referral to treatment and/or peer support groups. The Board may, in its discretion, defer disciplinary findings and proceedings based upon the impairment or incapacity of a lawyer to afford the lawyer an opportunity to be evaluated and, if necessary, to begin recovery. In such situations the medical or mental health professional shall report to the State Disciplinary Board and the Office of the General Counsel concerning the lawyer's progress toward recovery. A lawyer's refusal to cooperate with the medical or mental health professional or to participate in the evaluation or recommended treatment may be grounds for further proceedings under these Rules, including emergency suspension proceedings pursuant to Rule 4-108.
